

The friendly eye

- take 2 craft sticks
- place sticks in cross shape and put yarn tied in a slipknot at end over center of both sticks and tighten knot (already done)
- wind yarn several times first from right to left diagonally and then from left to right until center is covered
- work counter clockwise, moving yarn behind the top stick, back over the top stick, behind left stick, over left stick, behind bottom stick, over bottom stick, and behind and over right stick
- continue the same way for as many rows as you like (switch color by tying)
- when finished tie ends of yarn to stick
- decorate ends with tassels or pompoms if desired
